Closest to 20 or 40

Roll the die and move the number of spaces rolled. If you go over 40 or under 20, return to 30. If you land on the same number as another player, the other player goes back to 30. The first person to land exactly on 20 or 40 wins. If after 8 minute, no one has won, the closest to 20 or 40 wins.
